Bottom right Pocket of pump track height was increased to 6'+ and pool coping added to make it a catcher's mitt style pocket to accommodate the elevation change coming down the pump track.

Ferry Ledge height to be the same as center obstacles at New Seattle Center Plaza.

Manual Pad Squared out and height is small for manual tricks.

Pyramid to be similar dimensions to South Kitsap.

Continuous flow around the Skatepark.

Continuous flow around the Skatepark.

Quarter pipes on upper deck to make a ditch style path on the upper deck.

Ledge seating removed and replaced with a bank to complete the continuous flow around the whole park.
